Report of Annisquam Grave Yard. near
Bradstreet School House

Gloucester May 1896.

To the hon bourd of Com.on
Burrial Grounds. City
of
Gloucester.

Gentlemen,

Having completed the work, of cleaning, marking. and taking inscription, from stones, in the Annisquam, Grave Yard; I have the honor, to make the following report, I found the stones, with but very few exceptions, very full of moss, and the accumulations of dirt, for years. causing a great deal of hard scrubbing, before I could read them, I copied them, and after arranging them in alphabetical order, have rewritten them in this book, which I must respectfully submit, for your approval. I find like the other ancient Burrial places, of our Gloucester Ancestors, that the Yards, are overflowing with the dead. a great many of whome, have nothing to designate, who are in the graves. and I fear, numerous persons, who do not own any lot, in either of our City, cemetaries. are burrying their dead, in the old graves, of the old settlers of our land, and the foreigners, of our Country. Such things, had not ought, to be.

I am Most Respectfully
Yours Obt Servt
William H. Wollins

The numbers, in the margins, are also, the same on stones, beginning, at No. 1. near the school house. they can be easily found, and are in most cases, on back of the stones, on the marble, and granite stones, of recent date. I have put the numbers, some on the top, others on the base., so not to disfigure the stone. Wm H Wollins

10 stones are not numbered they will be found in this book under their letter. N. H. D.

Yard at Annisquam
Near Harvey Stable

To the Hon.
Committee on Burial
Grounds.

Gentlemen

I herewith submit report of my work at Burial Ground at Annisquam. I say beg. the above yard is in rear of Harveys stables. ann. is not used with very little exception for a place of interment of the dead. as like other old yards of this city the graves of the ancient dead cover the entire yard. Some of the old slate stones have been recut which is a great improvement as they can be more readily deciphered like the other yards of ancient date I find a great many who have only a simple piece of rough stone at head and foot of the grave having no mark to distinguish who was buried in them still there seems to be in this yard a keeping of the family dead more together than in the other old yards and with one exception all in this yard are the descendents of old Cape Ann families who were among the first settlers. you will observe some whome I have copied go way back to 1645 to 1650. and no doubt were the sons and daughters of the Emigrants

like the other old yards I have endeavored to mark the old slate stones so that they could be easily found. I have been careful not to deface any stone. and as a general thing those complaining. had not removed the moss and accumulations of dirt with which these old stones have been covered for more than a century. I have been faithful in my work and believe ambitious people will appreciate it thanking the Hon Committee for confidence placed in my work I am Gentlemen Respectfully. W. H. Dolliver

West Gloucester.

Gentlemen, of Com,
on Burial Grounds, City, of Gloucester.

I, have attended to the duty, of Capt. Inscriptins, on Stones, at Thompson's, Grane Yard, situated at mutiny Hous hill, West Gloucester. and beg leave, to submit the following Report;

I finn 36., or about, Stons marking the graves, of the old setters. like the stons, at Bridge street, Burin Ground, some; have gone to decay, and are in pices, scattered over the yard. making it an impossibility, to tell whare, or who, they belonged to;

I finn like the other Sir Yards, a great many graves, have only a rough, small head, and foot stone, without any name, or date, on them.

I have taken considerable pains, and interest, to have my work accurate, and shall be pleased, to have it, meet your approval.

I am Gentlemen
Very Respt
Wm E. Dolliver

I have not numbered them, or have arranged them, in the order of their letter, anyone can easily verify them, if they wish to do so. I have tried to be accurate, in taking them off, and they will be found handy, by persons seeking to find, the location of some of our dead, who were the life, of the Town, in Ye olden time.

Gloucester Times 9-19-31

TO THE LOOKOUT:—For a good many years, the ownership of the 12 tombs in the burying ground of the Independent Christian church has been unknown. Recently, through the courtesy of Jeremiah Foster of your city, I had the privilege of examining two volumes of old church records, which have never been published. They contain the diary of Rev. Mr. Jones, lists of his baptism, wedding and funerals, and much else of very great interest. The original assignment of the tombs is given as follows:

"Saturday, November 21, 1807

"This day the builders of the tombs in the new burying ground belonging to the Independent Christian Church and society met for the purpose of drawing for the numbers of the same which commenced at No. 1, and ended with No. 12, and the following is the order in which they were drawn, commencing at No. 1 nearest the gate:

	Written	Nos.
1—Col. William Pearce	1	30
2—Capt. Payn Elwell	2	31
3—Capt. Isaac Elwell	3	26
4—Mrs. Mary Plumer	4	46
5—Capt. Fitz William Sargent	5	21
6—Capt. Samuel Calder	6	47
7—Mr. Jonathan Low	7	72
8—Benjamin K. Hough and Jacob Hodgkins	8	9 & 23
9—Jonathan Low and James Mansfield	9	4 & 63
10—Capt. John Somes	10	69
11—Mr. William Dexter	11	
12—Capt. Joseph Foster	12	22

The numbers at the extreme right appear to check the number of the pew the owner occupied on the floor of the church, although several lists of pew assignments are given on different dates. There is also a map showing the assignment of the lots in the burying ground. Many names appear many times as certain persons owned several pews in the church, in accordance with the proportion of the original cost of the church which each subscribed.

April 21, 1828, the following record appears:

Voted, that the committee which laid out burial lots last year in the burial ground of the society be rechosen a committee to locate and mark the lots above the tombs to the number of 22 for the pews in the gallery with corresponding numbers and that the lots already occupied below the tombs be numbered with the same marks as the pews of their respective owners are numbered and that those lots unoccupied be drawn for by those owning floor pews and marked with corresponding numbers."

In the diary of the Rev. Mr. Jones this item appears:

"The first interment in the new Church street burial ground was on February 2, 1807, Joseph, born dead, infant son of Joseph and Lucy Foster."

As a matter of great historical interest, and for the purpose of permanent record easily available, I hope very much that these two volumes may be printed, perhaps as a second volume of "Universalism in Gloucester," by Eddy. The baptisms check births in the printed vital statistics of Gloucester quite well, though there are additional records, and the funerals check the printed deaths in the same way, but there are many records of the church affairs which I feel sure would be of great general interest.
