

Dear Andrea.

I send your
articles to James sister
Maudie as you know and
knows this for a keen
mind at 86 years just
from reading what you
write she could detect
your position. Thought
you might enjoy knowing
the pleasure you give to so

Many many people.
Maude doesn't want
the paper just.

Andrews clippings
How about that.

We enjoy them
very much also.

Have a nice Christmas

Fondly
Anne.

I just finished reading Andrea's article, but
as I read I wonder if she is active with
children, or ~~do~~ did she have children. The
article sounds as if she might be very active.
